

Information on Admission

Joint Master Degree: European Health Economics & Management (MCI, Erasmus University Rotterdam, Universities of Bologna & Oslo) study programme code 0741

Introduction

According to § 4 para. 4 FHStG, the educational requirement for admission to a university of applied sciences master degree programme shall be the completion of a subject-relevant university of applied sciences bachelor degree programme or the completion of an equivalent degree programme at a recognised domestic or foreign post-secondary educational institution. In the case that equivalence has basically been established and only certain supplementary qualifications are required for full equivalence, the programme director shall be entitled to tie the determination of equivalence to examinations to be taken during the master degree programme.

Definition of „relevant“

In any case, the bachelor degree programme Nonprofit, Social & Health Care Management completed at the Management Center Innsbruck, bachelor programs at the Erasmus School of Health Policy & Management, Rotterdam, undergraduate programs at the Faculty of Economics at the University of Bologna & bachelor programs at the Department of Health Management and Health Economics, Faculty of Medicine at the University of Oslo shall be regarded as a relevant bachelor degree programme. The admission to this Joint Master Degree master programme shall also be made possible following the successful completion of any other higher education entrance qualification and a completed bachelor's degree comparable to a Norwegian bachelor's degree (University of Oslo coordinates the admission & application procedures). Applicants with foreign education should refer to the [country list](#).

Field

ECTS Credits

E.g. for graduates from Austria: Reifeprüfung + 3 years university education, e.g. in Business Administration, Economics, Medicine, Public Health, Nursing or Social, Political or Natural Sciences

60

Common transfers

Students often transfer to a master degree programme after having completed one of the following bachelor or university of applied sciences bachelor degree programmes:

Other applicable national and international bachelor degree programmes	...	

However, in case electives in the above-mentioned fields have been successfully completed, admission may also be possible without conditions.

Please bear in mind that the educational requirement for admission can also be fulfilled by other bachelor or university of applied sciences bachelor degree programmes, and that the listed examples are not exhaustive.

Please note that only a limited number of study places is available for the master degree programme. Therefore, the fulfilment of the educational requirement for admission does not constitute a claim to a study place. According to § 11 FHStG, an admission procedure shall be conducted at least in those cases where the number of applicants for a degree programme exceeds the number of available places. The programme director shall be responsible for designing the admission procedure. Please find here more information concerning the admission procedure: <http://eu-hem.eu/admission/>

Please contact the local programme coordinator Sabrina Dietrich (sabrina.deitrich@mci.edu) for any questions regarding admission.

Please note that this fact sheet will not be legally binding as regards admission.
