

# Information on Admission

## MA Wirtschaftsingenieurwesen / Industrial Engineering (Management Center Innsbruck) study programme code 0577

### Introduction

According to § 4 para. 4 FHStG, the educational requirement for admission to a university of applied sciences master degree programme shall be the completion of a subject-relevant university of applied sciences bachelor degree programme or the completion of an equivalent degree programme at a recognised domestic or foreign post-secondary educational institution. In the case that equivalence has basically been established and only certain supplementary qualifications are required for full equivalence, the programme director shall be entitled to tie the determination of equivalence to examinations to be taken during the master degree programme.

### Definition of „relevant“

In any case, the completed bachelor degree programme “Wirtschaftsingenieurwesen” at the Management Center Innsbruck shall be regarded as a relevant bachelor degree programme. The admission to this master degree programme shall also be given by the successful completion of any other relevant bachelor degree programme of other universities and universities of applied sciences. Relevant bachelor or university of applied sciences bachelor degree programmes are characterised by a minimum workload of 60 ECTS Credits in the following fields: Fundamentals in the field of mathematics and natural sciences, fundamentals in the field of production engineering, fundamentals in the field of engineering and fundamentals in general management; in each of which the contents relevant for the master degree programme must be covered.

<b>Field</b>	<b>ECTS Credits</b>
Fundamentals in the field of mathematics and natural sciences	15
Fundamentals in the field of general engineering	15
Fundamentals in the field of production engineering	15
Fundamentals in general management	15

Common transfers

Students often transfer to a master degree programme after having completed one of the following bachelor or university of applied sciences bachelor degree programmes:

<b>Bachelor degree programmes/University of applied sciences bachelor degree programmes</b>	<b>Higher education institution</b>	<b>Admission</b>
BSc Wirtschaftsingenieurwesen / Industrial Engineering	MCI Management Center Innsbruck	without conditions (Recognition of the course Revision Course in Process Technology under certain conditions is possible)
BSc Mechatronik / Mechatronics	MCI Management Center Innsbruck	without conditions
BSc Umwelt-, Verfahrens- und Energietechnik / Environmental-, Process- & Energy Engineering	MCI Management Center Innsbruck	without conditions
BSc Bio- und Lebensmitteltechnologie / Bio- & Food Technology	MCI Management Center Innsbruck	without conditions
BSc Wirtschaftsingenieurwesen / Industrial Engineering	FH Kufstein	without conditions
BSc Wirtschaftsingenieurwesen / Industrial Engineering	HS für Angewandte Wissenschaften Weihenstephan-Triesdorf	without conditions
BSc Wirtschaftsingenieurwesen / Industrial Engineering	Duale Hochschule Baden-Württemberg	without conditions
BSc Wirtschaftsingenieurwesen / Industrial Engineering	FH Münster	without conditions
BSc Maschinenbau / Mechanical Engineering	Hochschule Augsburg	without conditions
BSc Elektrotechnik / Electrical Engineering	FH Rosenheim	without conditions

BSc Maschinenbau / Mechanical Engineering	OTH Regensburg	without conditions
Other applicable national and international bachelor degree programmes	.....	

However, in case electives in the above-mentioned fields have been successfully completed, admission may also be possible without conditions.

Please bear in mind that the educational requirement for admission can also be fulfilled by other bachelor or university of applied sciences bachelor degree programmes, and that the listed examples are not exhaustive.

Please note that only a limited number of study places is available for the master degree programme. Therefore, the fulfilment of the educational requirement for admission does not constitute a claim to a study place. According to § 11 FHStG, an admission procedure shall be conducted at least in those cases where the number of applicants for a degree programme exceeds the number of available places. The programme director shall be responsible for designing the admission procedure.

Please contact [office-wi@mci.edu](mailto:office-wi@mci.edu) for any questions regarding admission.

Please note that this fact sheet will not be legally binding as regards admission.
