*Prospective alumni,*

*Hearty congratulations to the 2020 graduation class of MCI. Well done in achieving against all odds.*

*Do not let COVID 19 to dampen your joy now that you cannot graduate in person. Yes, as mankind our limits have been tested, you never banked on a virtual graduation, but this should not take away your joy and that of your family. May this moment allow you to reflect and give you perspective amidst a time of challenge. It's in times of adversity that we grow and develop character.*

*Congratulations, the world awaits your contribution. May this success not just serve you but allow you to live your purpose and serve the higher course.*

*As you pop the champagne with your immediate family and friends, here's to a virtual toast!*
