

Carbon Literacy Training

In these times when the world as we knew it has undergone instantaneous change, we need to focus on changes that will make the world a better place for all and link the Covid 19 recovery with a transition to a low-carbon economy while addressing social inequalities at the same time.

The Carbon Literacy Training Programme equips you with the information and skills needed to make these high impact changes in your work (for example research, teaching or consultancy work) in order to reduce carbon emissions along with addressing multiple other [SDGs](#). A certificate is given upon full participation and completion of the training.

Topics covered

- Positive Futures Scenarios and Climate Justice
- Climate Science and the matching high impact climate solutions
- Carbon calculation and individual action
- Climate Change Mitigation: a systems approach
- Your own Action Plan

Trainer: Professor Petra Molthan-Hill

Petra Molthan-Hill is Professor of Sustainable Management and Education for Sustainable Development at Nottingham Business School and is Head of the Green Academy at Nottingham Trent University. She teaches and researches in the field of education for sustainable development and greenhouse gas management. Petra won 'The Guardian University Award 2015 for Business Partnership' (Greenhouse Gas Management Project) together with NetPositive Ltd and the Sustainability Professional Award in the Green Gown Awards 2016.

Target Group: This online workshop is open to all employees and students of the universities in Innsbruck participating in the "Scientists4Future" network. Academics from other universities in Austria and/or members of the PRME DACH chapter can also join.

Participants who attend the entire workshop can obtain a train-the-trainer certificate issued by [The Carbon Literacy Project](#) in Manchester (cost: 10 £).

Method: Online Workshop Series, 4 sessions of 2 hours

Session Dates & Time: Sessions will take place every Tuesday starting in the second week in September (08.09.2020, 15.09.2020, 22.09.2020, 29.09.2020) from 11 a.m. - 1:00 p.m. CET.

Language of instruction: English

Registration: Please send an email to prme@mci.edu (places are limited and allocated at a first-come-first-served basis).

This training was developed by Nottingham Business School (Nottingham Trent University) in collaboration with the UN PRME Champions, Oikos International and the Carbon Literacy Project. It also includes an introduction to En-ROADS developed by Climate Interactive in collaboration with MIT Sloan and Ventana Systems.
