Estimated Costs:

- **Flights** from Austria cost from c. 700€ onwards (depending on season and airline as well as any special offers by airlines which may lead to lower prices)
- **Hotel:** Singapore offers a wide variety of hotels at every budget point. Once final student numbers stand, a special rate at one or two hotels will be negotiated
- **Transportation** within Singapore is very good value for money; costs for transportation are expected to be well below 100€
- Singapore offers a multicultural setting in a global business hub and is conveniently located in the centre of South East Asia, making a short **additional trip to e.g. Thailand, Indonesia, Malaysia or Hong Kong possible**
- Students are responsible for covering their own expenses (e.g. flights, hotel, transportation, meals)
