

Chongqing & Chengdu Study Tour

重庆 成都

- Academic Research
- Career Development
- Intercultural Experience
- Smart Manufacturing
- Sustainable Environment
- Cultural Heritage & Urban Innovation

This study tour offers MCI students an immersive academic experience, providing an in-depth exploration of the intersection of contemporary urban innovation and cultural heritage in China's rapidly developing cities Chongqing and Chengdu. Through academic visits, field research, and collaborative exchanges with local institutions—including a partnership with prestigious **Chongqing University**—participants will learn how cities integrate technological advancement, smart urban planning, and industrial development while ensuring the effective preservation of historical and cultural heritage.
